### Education

- GITAM University, Hyderabad  
Bachelor of Technology (CSE)  
*October, 2020 – Present*  
Consistently secured merit scholarship for first two years.
- Army Public School, Bolarum  
Secondary Education  
*April, 2019 – May, 2020*
- Army Public School, Bolarum  
Matriculation

### Technical skills

- Python
- Data structures in Python
- SQL
- R Programming (Basic)
- Web Flow (Beginner)
- Html
- CSS
- Figma (Beginner)
- JavaScript (Beginner)
- Rapid API Integration

### Projects and Experiences

- **Compagno**
  - Collaborative design prototype for a visually appealing and user-friendly mental health website
  - Managed a 4-member team to successfully establish a venture idea and prototype of a mental health platform.
  - Gathered 200+ user insights and feedback to devise new operational processes.
- **Weather Applications**
  - Integrated real-time weather data to provide accurate forecasts and enhance user experience.
  - Technologies Used – HTML, CSS, JS, RapidAPI
  - Developed an application to get temperature variance between cities for a given date range
  - Technologies Used – Python, Oikolab API ([Link](#))
- **Countdown Timer Application**
  - Developed a countdown timer application (HH: MM: SS) using HTML, CSS, JavaScript.
  - Features – Start/Stop/reset Countdown.
- **Web Scraping Program.** ([Link](#))
- **Portfolio Sample using Atri-Framework.**
- **A simple Calculator using HTML, CSS, JavaScript.** ([Link](#))

### Internships

- IBM SkillsBuild Front-End Web development Internship (*Ongoing, start Date– 23, June 2023*)
- AICTE – EDUSKILLS Foundation, Machine Learning Virtual Internship (*15 May, 2023 – 15 July, 2023*)
- Virtual Research & Analysis at HappiMynd. (Torch Bearer Internship)
- Web Development & Designing Intern at Intersavy. (*15 May, 2023 – 15 June, 2023*)

### Co-curricular activities and achievements

- Hacker Rank: 5-star Badge in Python, 3-star Badge in SQL, 2-star Badge in Problem Solving
